CAHOOTS | CAHOOTS ADVENTURE CAMP

About Cahoots

Cahoots is a West Australian charity creating inclusive opportunities for children and young people with disability. Through our group-based Day and Overnight Supports, we provide community participation and capacity-building activities that help participants build friendships, strengthen social skills, grow independence, and enjoy new experiences, all while having a whole heap of fun!

Our services are delivered by a trained, experienced and passionate team from diverse backgrounds. We are committed to making every experience safe, engaging and rewarding for participants, while also giving parents and caregivers valuable respite and peace of mind.

As a registered NDIS provider, you may be able to use your NDIS funding to access Cahoots services. For more details, please contact one of our Family Relationship Officers for more information.

Cahoots began in 1981 as Kids Camps, created by families seeking connection and respite for their children with intellectual disability. In honour of our history, we still call our Overnight Supports “Camps”, and this brochure outlines our full camp schedule for 2027.

We hope to see you there!

KEY

Eligibility

To ensure that we are the right match for you and your loved one, please also see below for the needs that we don't currently cater for.

What we don't cover
Complex bowel care, Tracheostomy Management or Urinary Catheter Management
Ventilator Management or Subcutaneous Injections
Complex Wound Management
Severe Dysphagia or PEG Feeding
Two-person assistance and/or hoist transfers

Just fill out our Eligibility Form on our website to ensure your loved one is suitable for our services, and to place them in the service type most suitable to their needs.

You can complete our Eligibility Form online to check suitability and help us match your loved one with the right supports or simply give our friendly Family Relationship Officer team a call on 1300 103 880.

They're here to help and answer any questions.

Eligibility Form

Complete the Eligibility Form here!

Onboarding

1

Pre-Intake Form

Families complete the Formstack intake form before their appointment so we can gather essential information and prepare accurately.

2

Intake Appointment

Families attend their intake appointment (phone, face-to-face, or Teams). Our FRO team finalises details, reviews documents, and updates Salesforce to ensure we have everything needed.

3

Documentation completed

We send all required documents via our digital signature software for review and signing, along with an onboarding email containing key information and next steps.

4

Assessment Session

Once the documentation is signed, families attend their assessment session to confirm goals, support needs, and suitability for the support level selected. This final step completes the onboarding process.

Get involved!
